CHARTER HIGH SCHOOL FOR GIRLS

School Mission: Albany Leadership Charter High School for Girls (ALH) prepares young women to graduate from high school with the **academic** and **leadership skills** necessary to succeed in college and the career of their choosing.

School Vision: Albany Leadership High School will be a **recognized leader in single-sex secondary education for young women**. It will foster a **community of scholars** dedicated to life-long learning and committed to improving their communities through their pursuit of post-secondary endeavors.

School Purpose: Girls in urban America have been **negatively affected by a mediocre educational system, low expectations, and high drop-out rates**. Albany Leadership Charter High School for Girls is charged to eliminate this historical reality with the support of the ALH Board of Trustees, faculty, staff, students, families, and the community at large, whose core values influence student success.

The ALH CLEAR Values: Our high academic and behavioral standards are embedded in our *Core Values*. These values are the foundation upon which every administrator, faculty member, student, family and community member must acknowledge and practice in order to achieve our mission:

The ALH CLEAR Values approach can only be achieved when all stakeholders understand their role in our high school community.

Students' role in the ALH community: ALH expects students to honor and embody the CLEAR core values. Moreover, we require students to come to school on time each day, prepared and ready to learn. In addition to our high expectations for academic performance and respectful conduct, ALH also obligates each student to take a proactive role in making ALH a better place. Students will be engaged participants in *service learning* to ensure our young ladies will learn the true meaning of leadership while strengthening and improving the local community.

Families' role in the ALH community: ALH needs the support of parents in order to successfully achieve our mission and to provide our students the maximum opportunity to succeed. We realize that ALH is a demanding place, not only for students but also for parents, and ask that families remember that every rule, every policy and every decision is grounded in the mission, vision, and purpose of ALH. Therefore, we need families to respect and support the school's values and edicts.

ALH promises to keep an open relationship with parents by communicating via letters, emails, phone calls, and meetings. We also invite our parents to be leaders in the school through volunteering and mentoring. If you are interested in volunteering, please contact the Family Liaison, located at our main office.

Faculty's role in the ALH community: ALH employs competent, passionate, and hard-working educators who are equipped with the necessary skills and expertise to ensure that the ALH mission is accomplished. They are committed to each scholar's success and seek a partnership with families to maximize each daughter's potential.

Leadership Team's role in the ALH community: ALH employs an experienced, passionate, and competent leadership team with strong pedagogical, practical, and public education experience to ensure that each ALH member is supported and held accountable for the academic success of every girl enrolled at ALH as our mission is achieved.

Non-Discrimination Policy: ALH, in accordance with its non-discrimination policy, does not discriminate in its programs, activities, facilities, employment, or educational opportunities on the basis of race, color, age, disability, sex, religion, national origin, or sexual orientation, or any other basis protected by federal or state law and does not tolerate any form of discrimination, intimidation, threat, coercion, and/or harassment that insults the dignity of others by interfering with their freedom to learn and to work.

We further consider LOW EXPECTATIONS based on race, color, disability, sex, religion, national origin, or sexual orientation a form of **discrimination**. We believe all of our students can succeed in college, regardless of their background. Our commitment to our CLEAR values means that **all** students will be expected to succeed academically and adhere to the Code of excellent conduct. Below are the non-negotiables which help us achieve and maintain high expectations and high performance.

NON-NEGOTIABLES for STUDENTS

In order to maintain our high academic, cultural, and college-bound standards, ALH students must:

1. Respect **all** members of the ALH community.
2. Honor and practice ALH's We Lead CLEAR values.
3. Adhere to all ALH policies including the dress code, food/ beverage, attendance/ tardiness.
4. Attend school daily, arriving on time and remaining in school for the entire day.
5. Be prepared for every class by arriving with the necessary tools to successfully participate.
6. Focus on learning and leadership-development in every class.
7. Complete all assignments with academic honesty and integrity.

ATTENDANCE POLICIES AND PROCEDURES

Attendance is crucial to every student's success at ALH. Consequently, we expect students to be at school every day for the entire school day. Our One Call system will notify families of their daughters' absences for that given day.

ABSENCES

In the case of an excused absence:

1. Parents/guardians should **call** the school *before* 8:00am if their child will not be attending school due to illness, religious observance, or a family emergency.
 - If you are unable to speak to someone at the front desk, please leave a message stating the student's name, the reason for missing school, a phone number where you can be reached and a convenient time to call you.
2. Students who are absent or tardy due to medical appointments or illness must bring in a doctor's note immediately following the absence/ tardiness to ensure the absence is classified as excused. This note should include the following:
 - Doctor's letterhead
 - Student's name
 - Date of the tardy/absence
 - Reason for the tardy/absence
3. Absent students should make every attempt to get their assignments for the day they miss by having someone contact the school to pick up assignments or by calling fellow students that evening. (Due to our further integration of Google Classrooms, many students may be able to obtain missed work via their Google accounts.)
4. On the day of their return, students should be prepared to hand in any homework or assignment(s) previously assigned or to take any quiz or test previously announced.
5. If students are unexcused absent on the day of a school function or event, they cannot participate in that event or in any extracurricular activity that day.

Excused Absences vs. Unexcused Absences

- To be considered for an excused medical absence, **the student must bring a written note from a doctor on letterhead, with student's name, excused dates and reason for absence.** To be considered for an excused non-medical absence, a parent/guardian must provide a signed written note stating the reason for the absence. The Principal/principal's designee with sole discretion, may request additional information to verify the reason for the absence. Missing too many classes jeopardizes a student's chance of promotion.

Non-Medical Excused Absences Include:

1. A death in the family (parent, sibling, grandparent, aunt, uncle, cousin)

2. Court appearance
3. Medical or psychological tests with note from test provider. (All tests should be made up after school hours if possible.)
4. Religious holy days as defined by a religious calendar
5. Other extraordinary situations approved by the Principal

Unexcused Absences Include:

1. Being sick at home without a doctor's note
2. Babysitting
3. Missed transportation
4. Family vacation
5. Trips to homeland/extensive travel
6. Extension of a religious or cultural holiday beyond the designated day or days on the school calendar and/or beyond the customary requirements of the particular religious observance (as applicable).
7. Any other absence not approved by the Principal as excused

Skipping Classes

- Skipping class is an egregious offense at ALH. If a student skips a class OR is intentionally late in order to miss the class, her family will be contacted, and the student will be administered progressive disciplinary action by the Principal/ principal's designee. If a student exhibits a pattern of habitually skipping class or intentionally missing class via tardiness, a student will be administered more intense disciplinary action by the Principal/ principal's designee.

TARDINESS

- Students arriving after 8:00am are LATE but will be allowed entry into their first period class. Students who arrive to school after the late bell will be charged with an **unexcused tardy** unless they have a medical note or note that falls under "non-medical excused absences."
- Please note that any students who are chronically late to school, or any classes, will be administered progressive disciplinary action by the Principal/ principal's designee.
- Progressive discipline will typically be administered as follows:
 1. 3 tardies results in an initial parent contact
 2. 5 tardies result in a mandatory, teacher administered Flex time and parent contact
 3. 8 tardies result in a referral and a "No Pass List" consequence and parent contact
 4. 10 tardies result in a parent meeting
- Please note that for a student to receive credit for a full-year course, she must attend classes regularly. ALH upholds to NYS Laws regarding required student seat time for credit accumulation.

CHRONIC ABSENTEEISM &/OR TARDINESS

- ALH has procedures in place to address persistent and/or unexcused absences. These procedures include:
 - Daily notification via One Call of absence that day, as well as tardiness
 - A weekly attendance report identifies cumulative absences for both the month and the school year
 - Students who have acquired excessive absences either over a brief or extended period of time will receive one or more of the following consequences:
 - Letter home
 - Parent conference call
 - Parent meeting with a school counselor
 - Parent meeting with a school counselor and leadership team member
 - Home visit
 - Referral for a PINS petition
 - Referral to Child Protective Services for “educational neglect”
- School attendance is both a right and responsibility in the State of New York. The compulsory education requirements in New York State Education Law, Article 65, §3205 and §3212 requires every parent, guardian, or other person in this state having control and charges of a child from the ages of 6 to 16 to send the child to school regularly. The student must attend school the entire time classes are in session. Failure to do so will result in an investigation of the absences.
- For a student to receive credit for a full-year course, she must attend regular class meetings. Twenty-eight unexcused absences (including absences from tardiness), in any year, may result in a student being denied credit in a given course and/or promotion to the next grade. 14 unexcused absences from semester classes, may result in a student being denied credit in a given course and/or promotion to the next grade. This decision will be made at the sole discretion of the administration with input from faculty, student and family. Please note that excessive absences can also affect summer school eligibility.
- If your child is going to be absent for an extended amount of time, you should inform the Principal in order to discuss alternative instruction.

Please note: It is the responsibility of the student to get all make-up work from her teachers.

EARLY DISMISSAL

- We realize that students have doctors’, dentists’ and other appointments. Every effort should be made to schedule these appointments during vacation days or other times when the student is less likely to have school. Missing too many classes may jeopardize a student's chances of promotion.
- If students are chronically dismissed early without legal excuses, administrative actions may be taken in order to ensure that the parents/guardians understand the significant

negative impact such absences can have on academic performance, and this may lead to sharing this information with outside agencies.

- **Students will be granted early dismissal only when the school has received a signed note from the student's parent/ guardian. The note should state the reason for the early dismissal and a phone number where the parent/guardian can be contacted. All notes should be forwarded to the Attendance Officer. The main office will call the parent/guardian to verify every note. Exceptions for phone call permission in emergency situations will be granted when the parent/guardian provides the password that they submitted with the early dismissal form.**
- A student who would like to leave because she is not feeling well **cannot obtain permission from any school employee.** A student will only be dismissed if parent/guardian (or a designee as documented on the student's Blue Card) signs out the student.
- A student leaving school without permission will be marked unexcused absent and is subject to disciplinary action.

VISITING

All visitors to ALH must show picture ID. Parents/guardians will be welcome in the school at all times, whether they are there to volunteer or simply to observe a student's learning environment. If any parent/guardian has an interest in sitting-in on her/his child's classes, all that will be necessary is a courtesy call beforehand. (24 hours advanced notice is customary). As long as these visits are reasonable in frequency and duration and do not interfere with any students' learning or specific classroom activities, s/he will be permitted, as determined by the Principal. Faculty will be open to these visits and recognize the significance that a parent/guardian, who has direct knowledge of what happens in the classroom, brings to the school.

Please note that although the Principal, other administrators, school counselors, faculty and support staff will always do their best to accommodate the needs of parents, please understand that in most circumstances, it is not advisable to show up unannounced and expect to be able to meet with a desired party. Instead, if you have an issue or concern that you would like to discuss with a specific member(s) of the staff, simply call the school, and the Family Liaison will assist you in scheduling a meeting based on the next immediate availability of that staff.

When visiting ALH:

- Ring the bell in front of the building to state purpose and get "buzzed in."
- All visitors must report directly to the Main Office.
- Visitors are required to sign in and out of the building in the Main Office.
- At all times, visitors must wear and display the visitor badge provided by the Main Office

PARKING

Whenever possible, please park in the “Visitor” marked spots. In addition, during dismissal, please refrain from parking in the “Bus Loading Only” lane as this can cause accidents and/or delay bus departures for students.

Please note that unfortunately, there is NO STUDENT PARKING. Our current parking lot only holds enough spaces for staff. If your child parks illegally, she risks her vehicle being towed. If students want to drive to school, they must secure parking off school grounds.

RELEASE OF STUDENTS

New York State Education Law states that we may release a student to someone other than the student’s parent/legal guardian accordance with the prior written instructions of the parent/guardian (a.k.a. “person in parental relation”). This can only happen if the identity of the person requesting the release is verified against a list of names provided by the student’s parent or person in parental relation at the time of the child’s enrollment in the school and updated on the student’s Blue Card. If someone whose name is not on the list attempts to obtain the release of a student, that student may not be released, except in the case of any emergency as determined in the sole discretion of the Principal/ principal’s designee (§3210(1)(c)).

Furthermore, a school can release a student to someone whose name is not on a list previously provided by the student’s parent or person in parental relation only in case of an emergency. No situation will be deemed an emergency until the Principal/ principal’s designee verifies the facts of the situation, contacts the student’s parent or person in parental relation, and the student’s parent or person in parental relation agrees to the release. This procedure, however, does not apply to the release of a student under the protective custody of the Social Services Law and the Family Court Act Education Law (§ 3210(1)(c)).

Finally, a student may not be released to a non-custodial parent if the district has been provided with a “certified copy of a legally binding instrument, such as a court order or decree of divorce, separation, or custody” that indicates the non-custodial parent does not have the right to obtain such release (§ 3210(1)(c)).

SCHOOL SECURITY

To ensure the safety of our students and staff, ALH has implemented the following procedures:

- Published a “Safety Plan” which is reviewed annually.
- Lock exterior doors at all times. Only ALH staff access to unlock an exterior door.
- Positioned surveillance cameras to video record the building and grounds.
- Published a visitation policy – Refer to “Visiting ALH.”
- Provide school personnel and students with photo IDs which are worn at all times.
- Equipped classrooms with video surveillance, phone, and locking doors.
- Hired professional staff to monitor hallways and entry ways during school hours.
Provide emergency preparedness training to all ALH employees.
- Published disciplinary standards to address student conduct.

PHONE NUMBERS AND STUDENT INFORMATION

Each family **must** be diligent in providing the school with a list of current, working phone numbers – including cellular phones – for when the school needs to contact a student’s parents or guardians. Please update us of *any* changes immediately to ensure proper and necessary communication.

Please note that charter school regulations have been updated, which require schools to collect this information annually. Failure to submit these in a timely manner will prohibit your child from starting school on time.

Similarly, it is imperative that any legal documentation indicating a change in family circumstances (custody, Order of Protection, PINS, restraining order, etc.) that is in effect and comes from the proper judicial authorities, be forwarded to the school as soon as possible. It is only with proper documentation that ALH personnel can respectfully and lawfully act in the best interest of the student and family.

OFFICE MANAGER AND FAMILY LIASON

ALH employs a full time Office Manager and Family Liaison. When parents/guardians have questions about ALH, this is the first person they should speak to for direction. The Office Manager and Family Liaison is well informed about all aspects of ALH programs and will be able to assist parents/guardians. When required, she will direct you to an appropriate party.

BOARD OF TRUSTEES

The Board of Trustees ensures that ALH adheres to the mission, goals and all other terms and conditions of the school’s charter. The Board supervises and holds accountable the performance of ALH’s Principal, who is responsible for the day-to-day operation of ALH. Additionally, the Board approves the appointment of ALH’s School Business Administrator.

The Board of Trustees is also responsible for the establishment and maintenance of all policies governing the operation of ALH. It responds to complaints submitted to the Board pursuant to ALH’s complaints process, including matters of enforcement of ALH’s discipline code which governs long-term suspensions and expulsions.

Trustees of Albany Leadership High’s Board of Trustees include:

PARENTAL INVOLVEMENT – BUILDING LEADERSHIP TEAM (BLT)

The Building Leadership Team is a key part of ALH's commitment to our families. Our commitment is to: a) keep families aligned with ALH happenings; and b) honor the voice and input of our families who support the academic, social and emotional development of our young women. This will be achieved specifically by increasing parental involvement through a variety of outreach. The committee will minimally meet the first Tuesday of each month and includes family representation, student representation, Grade Level Chairpersons, Department Chairpersons, the Family Liaison and ALH administrators. This committee will provide an important opportunity for all parents to become better informed and learn a variety of ways to become further involved in their daughter's school experience.

In addition, ALH will offer supplemental community workshops that help to support families in health, finance, parent-child relationships and other enrichment areas. This will be facilitated by both ALH staff and/or external community partners.

***One parent or guardian from ALH can serve as a member of the ALH Board of Trustees, providing direct representation on ALH's governing body.**

WEATHER AND EMERGENCY

ALH may be closed at any time due to inclement or dangerous weather, or due to a local condition that prevents our operating ALH safely. In the event that ALH closes for any reason, including, for example, utility problems, ice, environmental threat, etc., updates will be on our website (<http://www.albanyleadershiphigh.org>) and the local media news stations will broadcast the information.

BREAKFAST AND LUNCH PROGRAM

All students will receive free breakfast and free lunch due to our qualifying for Community Eligibility Program. Breakfast and lunch will be made available to all of our students each day.

NURSE

ALH has a full-time, on-site nurse to assist students who are ill or injured. Parents/guardians will be notified whenever a student has been referred to the nurse's office and requires medical attention.

Parents/guardians and students should keep the nurse informed of any concerns/changes in hygiene, nutrition/diet, substance abuse, medical diagnoses, child abuse or neglect. No special accommodations (elevator use, excuse from P.E, special shoes, etc...) will be given unless a medical note has been forwarded to the nurse's attention.

MEDICATION

The school nurse should be informed of any prescription and/or non-prescription medication that a student is required to take at school. To dispense prescription *and/or* non-prescription medication (this includes over-the-counter drugs like Tylenol, Motrin, and Advil) to students, ALH must receive a completed *Medication Permission Form* filled out by the student's physician. Parents can retrieve this form from the nurse's office, the main office or download from the ALH website.

Medication can only be administered by the nurse. Per New York State Law, "...only health care practitioners licensed or certified in New York State (physicians' assistants, registered professional nurses and licensed practical nurses) may administer medication under Title VIII of the Education Law."

If the same prescription for a student is to continue beyond the present school year, a new *Medication Permission Form* must be filled out every year. In addition, please notify the nurse in writing if your child has a chronic illness that may affect her performance at ALH.

SUBSTANCE USE ASSESSMENT

A student may be subject to a *Substance Use Assessment* should the student's behavior warrant suspicion of her being under the influence of alcohol, illegal drugs or a controlled substance. The assessment is performed by the school nurse to gauge the student's vital signs, orientation and coordination. The evaluation is strictly a superficial evaluation – no bodily fluids are drawn and nothing is done invasively. If this primary assessment indicates that the student is under the influence, the parent/guardian and/or law enforcement will be notified, and the school reserves the right to require the student to go home for the remainder of the day to ensure her own safety and the safety of others.

ACCIDENTS

The school nurse will administer initial treatments for minor injuries. The student's emergency contact will be notified immediately by phone whenever medical treatment is administered to a student, and an Incident Report will be kept in the student's permanent file. In such cases, it is especially crucial that ALH has working phone numbers for a student's parents/guardians and for alternative contacts in the event that a parent/guardian is unavailable.

TRANSPORTATION

In the Albany City District, students who live 1.5 miles or greater from ALH receive a CDTA Swiper Card to ride CDTA (public transportation) as long as the transportation application has been submitted to the school by April 1st. Students living less than 1.5 miles or outside of the Albany area are not eligible for a CDTA Swiper. Many students are eligible to ride out-of-district buses. Riding buses is a **privilege- and not a right**. Any student riding the CDTA or school bus to and from school must adhere to the rules and guidelines set forth by those governing bodies. A student's bus privilege can be restricted at any time at the discretion of both CDTA and school

administration. Disruptive behavior by students, parents or guardians that jeopardizes the safety and/or the comfortable ridership of others can result in a suspension of bus privileges.

If a student's bus privileges are taken away, it will be the parent's/guardian's responsibility to provide transportation to and from school. The principal/ principal's designee may require parents/ guardians to secure transportation for students should any safety issues arise during the school day.

B. ACADEMICS AND CULTURE

DRESS CODE

Every student MUST be in compliance with the dress code Monday through Friday. If there is a school event on the weekend, students will be advised of the uniform expectation accordingly.

In order to foster an environment where students focus on learning and to create a sense of community, ALH has a MANDATORY student dress code. Uniforms worn by students at ALH reflect a level of professionalism we expect at ALH (which is also expected in a formal work environment).

- At the beginning of the day students must be in proper uniform. Upon exiting the building students are required to leave in full uniform unless they are in a work uniform.
- **Student uniforms should be neat and tidy at all times. This means that clothing is clean and pressed; shirts are tucked in; socks, if worn, are always pulled up, and stockings/pantyhose do not have holes or tears.**
- Students are not permitted to wear non-dress code clothing that is visible under their uniform.
- The Principal and/or principal's designee reserves the right to determine the appropriateness of students' dress with respect to the dress code and the commitment to preserving a distraction-free environment. **Students, at any time, are subject to being asked to remove/alter parts of their uniform in order to reflect the standard of professionalism expected at ALH.**
- **A student will not be permitted to go to any classes if she is not in proper uniform.** Appropriate interventions will be used to ensure the student has access to a proper uniform, including parent contact and our uniform loaner program. If a student is unable to obtain a proper uniform for that day (or refuses to wear proper uniform), she will be assigned Alternative Learning Location for the remainder of the day. If a student chronically comes to school out of uniform compliance, the student will be administered progressive disciplinary action by the Principal/ principal's designee.

WATER BOTTLES

Students are allowed to tote plain water in ALH issued or clear water bottles during class times. ALH personnel reserve the right to ask any student about the contents of her water bottle at any time.

APPEARANCE/TOILETRIES

Hair should be groomed appropriately for the professional setting of ALH. **Hair that is disheveled, unkempt, is deemed unprofessional/ distracting in the ALH setting and is not acceptable.** Students who enter the building in this manner will be asked to fashion their hair appropriately before they will be allowed to enter any class. If the student refuses to comply, she will be referred to the Social Work suite.

Hair products and appliances (i.e., hair grease, flat irons, hair dryers, etc...) are not to be used during school hours. The use of combs and brushes is permitted only in the locker rooms after physical education classes and/or in the restrooms. Likewise, personal products like lotion, Vaseline, lip gloss, body sprays and the like should not be seen in the classrooms.

SERVICE LEARNING

In order to participate in ALH's graduation, all students are **required** to completed 100 hours Service Learning.

The Service Learning Program is a partnership between ALH and various non- profit organizations where opportunities are extended to our students to complete direct or indirect service, advocacy, and awareness related to civic issues. Our partners invite our students to learn about various aspects of their agency's field, responsibilities and impact on the community, all while getting hands-on experience through volunteerism. This opportunity allows our students to build a stronger sense of identity through community action while making a positive impact.

Students are only permitted to earn service learning credit during the school day at outside agencies if they have a free period in their schedules, which will allow service to take place without the disruption of learning.

In order for students to be able to satisfy the 100 hour requirement, students must engage with the community. Examples of accepted service opportunities include, but are not limited to:

- Habitat for Humanity
- Community clean-ups
- Charity walks and runs
- Regular service assistance to a member(s) of the community
- Independent project that speaks to the needs of the school or community organization
- Leadership courses
- Tutoring practicum

Students are required to obtain clearance from the Service Learning Coordinator after completing the proper paperwork if they are to receive approved hours for their service learning efforts. The Service Learning Coordinator must receive time sheets with reflections and records of all service worked in order for the student to receive credit for their service. The Service Learning program sets to encourage students to become civic minded, respectful, responsible, critical thinkers, and proud of their identities.

LEADERSHIP CULTURE & CLEAR VALUES MATRIX

ALH works to instill leadership qualities in each of our students. Throughout their high school career, students will be exposed to age-appropriate activities and be asked to meet specific expectations that will help them to learn these skills and prepare them to graduate with the leadership skills necessary to go on to the college and career of their choosing.

EQUITABLE VS. EQUAL

ALH has a solid commitment to ensuring that every single student has the opportunity to succeed. In meeting this goal, we also understand that there is no “one size fits all” approach as it relates to addressing students’ needs. *Equitable vs. Equal* speaks to this. Your daughter will be treated with *fairness* in an *equitable* manner- in that she will always get what she needs to succeed; however, what your daughter receives will not always be *equal* to others – in that she may not receive the same exact support another student receives by way of consequence or incentive. We discourage our girls in engaging in the “sin of comparison” because it dissuades them from taking responsibility for their actions and impedes them from recognizing what it is that *they*, individually and solely, must address or change within themselves in order to optimize their school’s experience. We considerably ask families to understand and respect this framework, particularly if and when a question arises about how your daughter has been treated as compared to another individual. Moreover, ALH administration respects the privacy of individual students and their families and will **NOT** discuss another student’s circumstances or consequences with you. Our primary goal is to partner with you to ensure that *your* child receives the support she needs to succeed.

Standards-Based Grading

ALH has adopted a research driven, Standards Based Grading system, which is based on determining standards-aligned content knowledge and skillsets and measuring student proficiency therein.

Standards-Based Grading provides students with a score by standard for each assessment. Students will receive their overall course grades via eight Periods of Progress, or POPs, every five weeks. A final year long (Y1) grade will be calculated at the 8th POP.

Throughout the year, teachers will provide support to students based on targeted course standards through intervention periods, spiral review, and flex time (after school). Advanced students will be provided opportunities to enhance course grades by tutoring peers in structured learning environments and/or completing extension activities.

STANDARDS ARE:

- Aligned to each course
- Research & evidence based
- Clear, understandable, & consistent
- Aligned with college & career expectations
- Based on rigorous content & the application of knowledge through higher-order thinking skills
- Built upon the strengths and lessons of current state standards
- Informed by top-performing countries to prepare all students for success in our global economy and society

GRADING Guidelines

Period of Progress (POP)	<ul style="list-style-type: none"> - POP's reflect cumulative standards covered throughout the year to date. - The grade at the end of the POP indicates the proficiency level that a student has demonstrated on the standards assessed.
Score vs. Grade	<ul style="list-style-type: none"> - Score: Number score (1-5) assigned to each standard on a given assessment based on demonstrated level of proficiency. - Grade: Converted scores on all cumulative standards assessed throughout the year to date.
Levels of Performance	<ul style="list-style-type: none"> - In the standards-based grading system, a standard score, and subsequent POP grade, represents the proficiency level based on student demonstration of understanding of the knowledge, skills, and concepts in the subject area, as well as the student's ability to apply that understanding to a variety of performance tasks. <p>5 – Mastery 4 – Proficient 3 – Partially Proficient 2 - Below 1 – Far below</p>

Amelioration	- Students will track their own progress on each standard assessed for their courses; thus, students will know which standards they have mastered and which standards they need to improve knowledge and understanding of. Teachers will provide amelioration opportunities during class and flex time; scores will be updated accordingly.
Body of Evidence	- POP grades are based on a preponderance of evidence, typically 3-5 pieces of standards-aligned assessments, during the POP or cumulatively throughout the year. - If there is not sufficient evidence for making a decision about a standard score, the student will receive an “INC” as a placeholder. For example, a student has not submitted any assessments, or a student enrolled late in the POP.
Current Learning Trend	- Averaging by standard is the default grade in the system; however, teachers will use the student’s more recent, most consistent level of performance to determine a student’s POP grade. Teacher comments will support grades.
Interval Assessments	- Interval Assessments are cumulative and occur three times a year. These assessments are also scored by standard. - Students will track interval standard proficiency and receive a “ Regents Comparison Score ” so students can track minimum standard obtainment

*If your daughter receives a final grade of less than 70%, no credit unit will be granted for that course. If she fails any “core classes” (those required for graduation), she will be **REQUIRED** to attend summer school (so long as she fulfills the ALH Summer School eligibility requirements); otherwise, she will likely have to repeat the course in the next year.

RECEIVING CREDITS FOR A COURSE

Credit units are granted once a student successfully completes that course with a “70” or higher. Partial credit units are not granted to a student who leaves ALH midyear or who transfers to another class midyear; however, a student who transfers to another class or who leaves the charter school has already completed a course, or has completed enough work to obtain a passing grade via the standards-based grading system **and** meets the ALH attendance policy, then a student may be awarded credit.

COURSES WITH WEIGHTED CREDIT

A student who chooses to take an Honors or Advanced Placement (AP) level course will be weighted in recognition of the extra effort needed to meet their requirements. Consequently, Honors courses will receive an additional 0.2 GPA points, and AP and college courses will receive an additional 0.5 GPA points.

STUDENTS WHO TRANSFER *FROM* OTHER INSTITUTIONS

Students transferring to Albany Leadership Charter High School for Girls *may* be able to carry their former institution’s credits over. Students who transfer to ALH mid-year will have their exit grades considered for course placement.

STUDENTS WHO TRANSFER *TO* OTHER INSTITUTIONS

Albany Leadership Charter High School for Girls does not give credits for incomplete courses to students who transfer at any time during the year. We will forward an exit grade summary via the most recent Period of Progress for that school year **once the formal withdrawal form has been submitted** to the Director of Advancement.

GRADE POINT AVERAGE (GPA)

GPA is calculated using the 4-point scale and is calculated based on credit-bearing classes, factoring in any appropriate weighting. Pass/Fail classes will not be calculated into the GPA.

PASS/FAIL CLASSES

For “pass” or “fail” classes, students must demonstrate a minimum proficiency in the course’s standards in order to pass for the year. However, teacher and administrative discretion can be used to grant credit based on extenuating circumstances and the submission of additional work and/or exceptional performance on cumulative assessments/ NYS Regents examinations.

HONOR ROLL/ HIGH HONOR ROLL

Students who receive a 3.2 through 3.59 GPA in any even numbered Period of Progress (POP) will receive Honor Roll recognition. Students who receive a 3.6 and above GPA in any even numbered POP will receive High Honor Roll recognition.

HOMEWORK

Homework will include, but is not limited to, a review of skills and concepts our students have learned that day in school and an extension for further learning. This will help students move toward mastery of the skills and concepts they encounter. All students will be provided with an ALH issued Student Planner and will be expected to utilize this support tool in order to record assignment due dates and improve their time management skills to become college and career ready. We strongly encourage you to check this on a daily basis so that you can support your child's academic success. Student planners are also required to be used as hall passes.

LATE WORK

Completing homework is not optional at ALH. It is essential that all of our student's complete homework regularly to both reinforce what they are learning at school and to equip them for the increased demands of college. Students are expected to submit **all homework** assignments **ON TIME!** Homework assignments include, but are not limited to, worksheets, readings, informal research, written responses, practice assessments and other assigned tasks that are expected to be completed ***by the next school day/class***. For **formal** assignments, including research papers, group projects, and independent study, students will be given a firm due date and expected to submit the assignment ***on that day in class***. Students jeopardize both their class grade and their promotion status if they do not complete AND submit their assignments on the due dates.

*Teachers reserve the right to assign students **mandatory Flex Time** if they do not hand in homework or a formal long-term assignment on time.

FLEX TIME

Flex Time takes place every day after 8th period until 3:45 pm. This is the space where *opportunity* meets *responsibility*. Teachers are available for our scholars every day after school to receive additional academic assistance, to improve previously submitted work and/or to make up missed work (due to either excused or unexcused absences from class). Teachers are empowered to **ASSIGN** Flex Time for students whom they believe are in **NEED** of serious remediation or support. Students who fail to attend assigned Flex Time (without a legitimate excuse) will be informed that any academic consequences for their negligence will not be negotiated or changed in the future.

Should a student choose to be disruptive, disrespectful or disengaged in the mini-lesson within Flex Time, she will be asked to leave and will serve the appropriately designated consequence based on the egregiousness of the offense.

ASSESSMENTS

Frequent assessment is a central component of our program. Assessments in every subject at ALH are used to adjust instruction and inform tutoring and enrichment programs in order to meet the needs of every student; hold students, faculty and staff accountable for student learning outcomes; and to track growth and progress so that every student is prepared to succeed and graduate from college. ALH uses the data from assessments on a daily, weekly, quarterly and annual basis. Assessments take many forms, including but not limited to, daily quizzes and homework, weekly tasks and projects, portfolios and presentations, unit assessments, interval assessment, Mock Regents exams and New York State and national norm referenced exams.

Student attendance and participation in the assessment program is essential in order to fully understand each student's academic standing. Your daughter's performance and strengths and needs on assessments will be a routine part of parent- teacher conferences, as well as student-teacher discussions. Students who are absent for assessments will be required to make-up the assessment during school, after school or on a designated Saturday. ALH will provide multiple opportunities and communication tools for parents/guardians to have their daughter's most current assessment outcomes.

HEALTH CLASS

New York State requires that every student take one health class during students' high school experience. The following includes some of the topics that will be covered in health class:

- Physical, Mental and Sexual Health
- Sociological Health Problems
- Environmental
- Community Health and Safety

NOTE: The New York State Education Department Commissioner's Regulations Section 135.3 (c) (2) (i) states that no pupil shall be required to receive instruction concerning the methods of prevention of A.I.D.S. if the parent or legal guardian of such pupil has filed a letter with the principal of the school which the student attends stating that the pupil will receive such instruction at home.

REGENTS AND FINALS TESTING

Regents exams are state-mandated in varied subjects in order for students to obtain a high school diploma. Finals are cumulative exams that cover the year's coursework. Exams are given for all courses. Students will either take a Regents exam, final exam or complete a final project in or by mid-June.

All exams are held in designated classrooms. Students are expected to be at the exam site at least thirty minutes prior to the start of the exam. Students are given 3 hours to complete an exam but may be excused after 2 hours if they have finished. A late student will not be allowed entry once the state designated time has passed for said exam. As per NYS regulations, students who are late for an exam will not be given additional time to compensate for their lateness.

All students are required to take their exams on the days designated on the exam schedule.

PROMOTION POLICY

Students need a certain number of credit units before they can advance to the next grade level. The minimum credit units needed to advance per grade level are listed below:

Grade 9	5 units
Grade 10	11 units
Grade 11	16.5 units
Grade 12	22 units

SUMMER SCHOOL

In July of each year, ALH will offer limited Summer Credit Recovery Courses for those students who have failed courses and need to recover credit. Should ALH not offer a course a student needs, credits from other accredited area schools will be accepted. Students will receive credit only if they receive a passing grade. This applies to students who attend either ALH's program or another school's summer program. **Summer school is a *privilege*- NOT a right.** ALH reserves the right to enroll students based on individual needs and circumstances.

STUDENT SUPPORT TEAM (SST)

The SST is a student-centered team and its members include knowledgeable staff and teachers who problem-solve the needs of any student who might have academic or behavioral concerns that interfere with her academic success. Any teacher, staff member, or parent/guardian may refer a student to the SST through the Response to Intervention (RtI) protocol. Should parents/guardians wish to refer their daughter to the SST, they should contact the Director of Student Support Services to schedule a meeting. The team reviews all referrals and collected data, develops a plan of action to include a timeline for review, informs appropriate staff and teachers of the plan, and determines the need for future interventions. Parents/guardians are notified if the SST deems it necessary to create a plan of action and are invited to participate in future meetings. A plan of action may include, but not be limited to, academic or behavioral modifications within the classroom, mentoring, tutoring, counseling, crisis intervention, or other special services of either a temporary or permanent nature.

RESPONSE TO INTERVENTION (RtI)

RtI is a school-wide intervention model addressing the academic and behavioral concerns of a student. There are three *tiers* within the model.

(Academic)Tier One includes school-wide intervention using research-based curriculum and instruction in core classes. Student progress is monitored regularly. Students who struggle academically at *Tier One* are moved into *Tier Two* based on RtI protocol. This tier includes evidence-based instruction provided to targeted students during their 2nd block of ELA *in*

addition to the regular classroom instruction. Tier Two instruction lasts for the entire school year for any student identified as Tier 2. Should a student require more support than what is offered in *Tier Two*, she will be moved to *Tier Three*. Instruction at this level is still evidence-based, but is provided on a more individualized level (3-6 students per group) for at least 27 minutes four days per week *in addition to regular classroom instruction and Tier 2*. Progress is monitored regularly.

We Lead

POSITIVE BEHAVIOR INTERVENTIONS AND SUPPORTS (PBIS)

At Albany Leadership, we promote a community of responsibility, safety and respect. We do this through our WeLead: Positive Behavior Interventions and Supports (PBIS) framework. PBIS is a school-wide systematic approach used to establish a school culture which promotes the social, emotional and academic success of all students. We teach and support positive behavior for all students by using research-based strategies which create a safe and productive learning environment. It is designed to incentivize and acknowledge positive behaviors, while simultaneously provide different levels of support depending on the individual needs of the student.

ALH's PBIS program: WeLead, seeks to position each student for individual success while also cultivating an environment that strengthens the community and fosters its advancement. WeLead allows school leaders and staff the opportunity to proactively reduce disciplinary infractions and out-of-school suspensions and, more importantly, to build an overall positive school environment where students feel supported and prepared to learn.

(Behavioral) Tier One includes school-wide interventions using universally applicable, research-based classroom management and behavior modification techniques. Should a student require more support than what is offered in *Tier One*, she will be moved to *Tier Two* based on behavioral tracking data. *Tier Two* interventions intensify supports and are monitored for a minimum of six weeks to determine effectiveness. If a student's behavior improves, she will be transitioned back to *Tier One*. Should the student require more support than what is offered in *Tier Two*, she will be moved to *Tier Three* based on behavioral tracking data. *Tier Three* interventions further intensify supports and are also monitored for a minimum of six weeks to determine effectiveness.

Freedom of Expression

Students are entitled to express their personal opinions verbally, in writing, or by artistic expression. The expression of such opinions, however, shall not interfere with the freedom of others to express their beliefs. Written expression of an opinion must be signed by the author. Any form of expression that involves libel, slander, obscenity, personal attacks, or that otherwise substantially disrupts the educational process, or threatens the physical, emotional, spiritual or mental well-being of another individual is prohibited. All forms of expression also must be in compliance with the Code of excellent conduct and the school dress code. Violations are punishable as stated in the Code.

Student participation in the publication of school-sponsored student newsletters, yearbooks, literary magazines and similar publications is encouraged as a learning and educational experience. These publications, if any, shall be supervised by qualified faculty advisors and shall strive to meet high standards of journalism. In order to maintain consistency with the school's basic educational mission, the content of such publications is controlled by school authorities.

No person shall distribute any printed or written materials on school property without the prior permission of the Principal. The Principal may regulate the content of materials to be distributed on school property to the extent necessary to avoid material and substantial interference with the requirements of appropriate discipline in the operation of the school. The Principal may also regulate the time, place, manner and duration of such distribution.

CHEATING VIOLATIONS

Violations in this category threaten our ability to successfully fulfill our mission of college readiness and success. Cheating violations represent actions in which students **receive or give unauthorized help on any assignment**. Committing a cheating violation represents an act of academic dishonesty – essentially students are lying about the work that they or others are completing. Without academic honesty, we cannot be sure if students are making actual academic progress towards our learning goals.

Examples of cheating include, but are not necessarily limited to:

- a. copying another person's work during an exam or assessment, or while completing an assignment including homework;
- b. allowing someone to copy work on an exam, quiz, assessment or assignment, including a "Do Now" or "Exit Ticket";
- c. using any unauthorized materials not specifically approved by the faculty member during any exam or for any academic assignment; including but not limited to the use of spark notes, cliff notes, grade saver and classic notes;
- d. providing assistance to another student on any individual assignment, including homework, quizzes, tests, papers or projects, without the direct permission of the faculty member;
- e. altering a graded work after it has been returned, then submitting the work for re-grading;
- f. stealing, reproducing, circulating, or otherwise gaining access to examination materials prior to the time authorized by the faculty member;
- g. intentionally continuing work on an exam or assignment after the allocated time has elapsed;
- h. citing a source that does not exist, attributing to source ideas and information that are not included in the source, or citing a source in a bibliography when the source was neither consulted nor cited in the body of the paper;
- i. inventing data or statistical results to support conclusions;
- j. asking fellow students for answers without teacher permission.

Examples of plagiarism include, but are not necessarily limited to:

- a. copying another student's work and submitting it as one's own work;

- b. using any other person or organization to prepare work and then submitting it as one's own;
- c. quoting or paraphrasing the thoughts of another writer without acknowledgement;
- d. changing the words another writer wrote but still conveying the same thought without acknowledgement;
- e. copying and using information from websites or other sources without properly citing the source.

Procedure for cheating violations:

1. The staff member will initially meet with student regarding the potential cheating violation and contact the parent if the teacher determines cheating occurred.
2. The staff member may collaborate with the Principal/ principal's designee on appropriate consequences.
3. If cheating/ plagiarism becomes a chronic offense, progressive discipline will typically be applied.

Consequences for cheating or plagiarizing: Final consequences are at the discretion of the Principal/ principal's designee. The history of a student's cheating violations, the circumstances surrounding the cheating violation and whether the student was forthright and honest about the violation will be taken into consideration. Each offense remains with the student until graduation. A new academic year does **not** erase previous offenses.

Any offense will result in one or more of the following consequences:

- Parent notification and / or in-school meeting
- A new/ modified assignment to assess the student's true abilities and knowledge
- Letter in permanent school file
- No school activities or extra-curricular involvement as defined by the Principal/ principal's designee
- Alternative Learning Location
- Out of School Suspension
- Denied course credit

SKIPPING CLASSES

Skipping class is an egregious offense at ALH. If a student skips a class OR is intentionally late in order to miss the class, her family will be contacted, and the student will be administered progressive disciplinary action by the Principal/ principal's designee. If a student exhibits a pattern of habitually skipping class or intentionally missing class via tardiness, a student will be administered more intense disciplinary action by the Principal/ principal's designee or his designee.

CELL PHONES/ ELECTRONICS

ALH recognizes that cell phones and other electronic devices are convenient and commonplace in our culture. However, students need to learn how to use these devices appropriately and to avoid them as a means of distraction and a cause for disruption.

Cell phones or other electronics shall not be visible, audible or used by a student during class unless the teacher has given explicit permission for a specific task. (This includes talking to or texting parents) If a student needs to make an urgent call, she will be able to do so on an ALH phone. Please do not call or text your daughter on her cell phone during school hours. Contact the school with any messages or emergency information. Otherwise, you are placing your daughter in a compromising situation that could result in disciplinary action.

Should a student violate the aforementioned policy, the phone/device will be confiscated, and the student will be administered progressive disciplinary action by the Principal/ principal's designee. This could include that the phone or device is held at the school until an **adult family member** comes to the school to sign for its return. If a student refuses to relinquish the cell phone/ electronic device to **any** staff member, the student will be subject to disciplinary action. A meeting between the family, student and Principal/ principal's designee may need to take place.

SOLICITATION

Solicitation of or by any student, parent, or staff member on ALH property for any cause except those authorized by the Principal is strictly prohibited.

MONEY/ VALUABLE PROPERTY

Students are encouraged to leave all money and other valuable property, including electronic devices, at home. **ALH assumes NO responsibility for the loss or theft of such items and is not obligated to prioritize any searches should such articles be presumed stolen.**

FOOD, BEVERAGES, CANDY, GUM, TOYS, & BLANKETS

Students are not to bring or eat food, including candy and gum, in ALH classrooms. Toys and blankets are a distraction and therefore should not be brought into the school. Games, stuffed animals, virtual pets, cameras, iPods, blankets of any type, etc...are not allowed in classes and therefore should remain secured in assigned lockers. Only clear or ALH approved water bottles, with only water, are permitted in classrooms.

LOCKERS, SEARCH, AND SEIZURE

Every student is assigned a locker and **combination lock** in order to secure her belongings. Students are expected to keep their locker secured with their assigned lock at all times. ALH assumes no responsibility for the loss or theft of personal items. **ALH will not consider any investigation of loss/theft when a student leaves her locker unsecured or has shared her locker and/or lock combination with other students.** Likewise, ALH officials will not unlock one student's locker for another student to retrieve items. In addition, ALH students must accept **ALL** responsibility for any possessions that are stolen due to their own negligence by leaving these items unattended and unsecured.

Outside locks are not permitted. Should a student use an outside lock to secure her locker, ALH reserves the right to remove the lock and discard it.

Students are **NOT** allowed to utilize backpacks throughout the day; however, students may use the ALH draw-string bag. Students will be only be allowed to go to their lockers during passing time, between periods. Students are not permitted to go to their lockers during class time.

Student lockers and desks remain the property of the school. Students have no right or reasonable expectation of privacy in their desks or lockers. ALH reserves the right to inspect desks and lockers without prior notice or student consent at any time, per the school's discretion. Also, the school is not responsible for books, clothing, or valuables left in lockers. A student shall not place or keep in a locker any article or material which is of a non-school nature and may cause or tend to cause the disruption of the mission of the school.

A student and/or the student's belongings may be searched by a school official if the official has a reasonable suspicion to believe that a search of the ALH student or her locker will result in evidence that the student violated the law or a school rule. Items which are prohibited on school property, or which may be used to disrupt or interfere with the educational process, may be removed from the student by ALH authorities. In some instances, law enforcement may be contacted. **With this, students are prohibited from sharing lockers and should they choose to do so, they risk any potential resulting consequences.**

ATHLETIC PROGRAMS

ALH offers interscholastic sports programs in the fall, winter, and spring. Participation in, and eligibility for, these programs is determined first, by **academic and behavioral standing**. Once the student has satisfied these requirements, she must obtain medical clearance via a sports physical. Lastly, the student will try out for the team.

The Athletic Department posts schedules for all athletic events, including tryouts, by sports season, throughout the school building. The athletic programs offered at ALH include the following:

- Volleyball
- Basketball
- Indoor Track and Field
- Outdoor Track and Field
- Softball

Students must maintain an acceptable academic and behavioral standing in order to remain eligible for athletic participation. Please refer to the *ALH Student Athlete Code of excellent conduct* for further details.

OFF-CAMPUS EVENTS

College-readiness cannot be wholly accomplished if our students are not afforded the occasion to visit college/university campuses. It is ALH's vision to have frequent trips to institutions of higher learning. Students at school-sponsored, off-campus events shall be governed by all the guidelines of the school and are subject to the authority of school officials. Failure to obey the lawful instructions of school officials shall result in a loss of eligibility to attend school-sponsored, off-campus events and may result in additional disciplinary measures in accordance with the Code of excellent conduct.

Off-campus events are a ***privilege*** at ALH and students who are not in good academic/behavioral standing at ALH will not be allowed to off-campus events.

In order to be in good standing, a student MUST:

- Not have been found in violation of a school policy the week prior to/ week of the event
- Not have less than a 70% cumulative average of all classes
- Have all school forms/permission slips turned in on time
- Attend school the day before and day of the event

For all trips, the aforementioned criteria must be met in addition to any specific conditions required by the trip organizers. Additional eligibility requirements will be communicated to students and parents as necessary.

Administration reserves the right to make adjustments at their discretion.

C. Discipline Code

The discipline code of excellent conduct has been established to promote a safe and respectful learning environment. The Code of excellent conduct identifies behaviors that are prohibited at ALH. Students enrolled at ALH are required to abide by the Code of Excellent Conduct.

Faculty and staff are well-informed about the Code of excellent conduct. During pre-service training, all staff members are given a copy of the same Code of excellent conduct and disciplinary procedures that are given to parents and students within the Code of excellent conduct (which is officially given to families during the September Open House but is available online at any time, and additional copies are available in the main office as well). Whole-group conferences are then scheduled for various procedures to be discussed so that the practice of said procedures is in sync and uniform throughout the school. The regularly scheduled Professional Development days spiral in strategies to support staff in reaffirming and reinforcing the expectations and/or address issues of concern in order to better serve our students.

At the conclusion of our school year, the Code of excellent conduct is reviewed in order to assess the present policies and/or to update said policies according to the changing needs of our students. Should there be any amendments, adoptions and/or modifications to the Code of excellent conduct, those changes are forwarded to the ALH Board of Trustees for their review and approval. The newly-adopted Code of excellent conduct is then forwarded, no later than 30 days, to the Commissioner of Education and Coordinator of Safety (Safe Schools) offices located at 89 Washington Avenue, Albany, NY 12234.

STATEMENT ON HARASSMENT, BULLYING AND CYBERBULLYING

ALH stands firm in its commitment to protecting the physical and emotional well-being of all students. To that end, ALH will **not** tolerate the following forms of bullying, harassment or intimidation:

- Verbal or written threats of violence or other harm.
- Instigating (verbal/written)
- Unwelcomed physical contact (pushing/bumping/pulling hair/etc...)
- Name-calling (verbal/written)
- Gossiping
- Stalking
- Cyber-bullying
- Text-bullying
- Taunting
- Trespassing (going into/taking others' lockers/belongings)
- Any action deemed inappropriate by the Principal or principal's designee

At ALH, the safety of our girls is a top priority, and prevention is the cornerstone of ALH's effort to address bullying, discrimination and harassment. Whatever form bullying/harassment takes the form of (a note in a locker, a statement on Facebook, a comment in the back a

classroom, repeated taunting the hallway, forcing one to give up her homework, pressuring a student to think or act in a certain way), it will NOT be tolerated and the severest of consequences will be administered according to the level of the offense.

On July 1, 2012, The ***Dignity for All Students Act*** (Education Law Article 2 §§2-18]) became effective in all schools in the State of New York. The ***Dignity Act*** grants schools more responsibility and leverage in identifying, investigating, and thus, executing proper disciplinary actions when individuals harass, taunt, bully, intimidate, threaten, and/or discriminate against others on ***and off*** of school property.

Per the ***Dignity Act***, the following definitions will be followed to the letter at ALH:

Harassment and bullying means: “...*the creation of a hostile environment by conduct or by verbal threats, intimidation or abuse, including cyberbullying, that (a) has or would have the effect of unreasonably and substantially interfering with a student’s educational performance, opportunities or benefits, or mental, emotional or physical well-being; or (b) conduct, verbal threats, intimidation or abuse that reasonably causes or would reasonably be expected to cause a student to fear for his or her physical safety; or (c) reasonably causes or would reasonably be expected to cause physical injury or emotional harm to a student; or (d) occurs off school property and creates or would foreseeably create a risk of substantial disruption within the school environment, where it is foreseeable that the conduct, threats, intimidation or abuse might reach school property. For the purposes of this definition the term "threats, intimidation or abuse" shall include verbal and non-verbal actions. Acts of harassment and bullying include, but shall not be limited to those acts based on a person’s actual or perceived:*

- *Race*
- *Color*
- *Weight*
- *Sexual orientation*
- *Religion*
- *Religious practice*
- *Disability*
- *Sex*
- *Ethnic group*
- *National origin*
- *Gender (which includes a person’s actual or perceived sex, as well as gender identity and expression).*
- *Other*

Cyberbullying means: Cyberbullying means harassment or bullying that occurs through any form of electronic communication. Electronic communication includes devices and equipment such as cell phones, computers and tablets as well as communication tools including social media sites, text messages, chat and websites. Examples of cyberbullying include mean text messages or emails, rumors sent by email or posted on social networking sites and embarrassing pictures, videos websites or fake profiles. (www.Stopbullying.gov)

Sexual Harassment means: conduct that is sexual in nature, unwelcome and denies or limits a student's ability to participate in or benefit from a school's education program.

Examples of sexual conduct include:

- Making sexual propositions or pressuring students for sexual favors;
- Touching of a sexual nature;
- Writing graffiti of a sexual nature;
- Displaying or distributing sexually explicit drawings, pictures or written materials;
- Performing sexual gestures or touching oneself sexually in front others;
- Telling sexual or dirty jokes;
- Spreading sexual rumors or rating other students as to sexual activity or performance; or
- Circulating or showing emails or websites of a sexual nature.

With this, we have **no tolerance** for bullying or harassment of any kind, and consequently, will take immediate action when alerted that students are engaging in such conduct. If a student is accused of bullying or harassment, the following steps will be taken:

- Complaint filed with the Dignity for All Students Act (DASA) Coordinator
- Investigation
- Families of both parties contacted per investigation results
- Meeting with alleged bully and Principal or principal's designee to discuss allegations
- Meeting with alleged bully and target for Restorative session (if target is agreeable)
- In-school counseling sessions for bully and target individually (with family's consent) if deemed necessary and beneficial
- Follow-up meeting(s) with bully, target and Principal or principal's designee to ensure the bullying has stopped

Should further evidence show that the student charged with bullying is continuing to threaten, harass or retaliate, a long-term Out of School Suspension (OSS) may be the immediate course of action. A mandatory meeting will take place with the student, her family and the Principal and/or principal's designee before the student can return to classes. Should the student still continue to harass the same student or others, the school will be forced to meet with the family to re-consider if ALH is a sound choice for the student and family.

ALH reserves the right to involve law enforcement at any time in the process of each individual investigation.

DUE PROCESS

The Due Process is the process used to investigate and resolve reported Code of excellent conduct Violations. Reports that a student engaged in a violation of the Code of excellent conduct will be referred to the Principal or principal's designee for review and resolution. All concerns are addressed in a fair and impartial manner. All students reported to have engaged in a Code of excellent conduct violation will be provided advance notice to participate in a meeting, facilitated by the Principal or principal's designee. This meeting will allow a student to present their version of the facts and circumstances regarding the reported violation(s). At the conclusion

of the meeting, the Principal or principal's designee will determine if the student has violated the Code of excellent conduct and if so, they will administer an appropriate consequence/ intervention. The student will be informed of the Principal or principal's designee decision and, if applicable, consequence(s)/ intervention(s). (This meeting constitutes the student's "due process.")

A student may be suspended from instruction only after her rights to due process have been observed, and in all instances a student has the right to due process.

INTERIM MEASURES

Typically, students may be suspended from instruction only after the disciplinary due process has been completed. The Principal or principal's designee reserves the right to impose an interim suspension prior to disciplinary process to ensure the safety of the student and/or community.

The Principal or principal's designee must:

- Inform the student of the reason(s) for the interim suspension
- Immediately notify the student's parent(s) or guardian(s) in writing of the interim suspension. Written notice shall be sent to the last known address provided by the family. Where possible, notification also shall be provided by telephone if the school has been provided with a contact telephone number for the parent(s) or guardian(s). Such notice shall provide a description of the incident or incidents that resulted in the suspension and shall offer the opportunity for an informal conference with whoever has imposed the suspension. The notification and informal conference shall be in the dominant language used by the parent(s) or guardian(s).

CONSEQUENCE(S)/ INTERVENTION(S)

Students found in violation of the Code of excellent conduct will be assigned consequence(s)/ intervention(s). ALH consequence(s)/ intervention(s) promote accountability, reinforce ALH standards, and educate students. When determining consequence(s)/ intervention(s), ALH will consider the following:

- 1) The student's age
- 2) The nature of offense and the circumstances, which led to the offense
- 3) The student's prior disciplinary/ intervention record
- 4) The effectiveness of other forms of discipline/ intervention
- 5) Information from parents, teachers and/others as appropriate
- 6) Other extenuating circumstances

Consequence(s)/ intervention(s) at ALH include, but aren't necessarily limited to:

- Lunch Detention
- Mandatory Flex Time
- Administrative Flex Time
- Alternative Learning
- Restorative Sessions / Restorative Action
- Parent/Guardian Meeting
- Behavioral Contract
- Suspension from extra-curricular activities (temporarily or permanently)

- Out of School Suspension – short term
- Expulsion

Consequence(s)/ intervention(s) are additive and cumulative. Thus, students can be assigned more progressive consequence(s)/ intervention(s) for repeated violations of the Code of excellent conduct.

- **Restorative Sessions**

Conflict is natural and in order for students to be successful, both at ALH and beyond, students must learn how to responsibly manage conflict. Restorative sessions are implemented to educate students on conflict resolution and promote a positive learning environment. Restorative sessions are facilitated sessions between the student that caused harm and the person(s) impacted by the harm. These sessions allow concerns and conflicts to be discussed and resolved through dialog.

The Principal or Principal’s designee will assess when restorative sessions will be used to resolve interpersonal conflict. Typically, these sessions are held after it has been determined that a student violated the Code of excellent conduct, however this process may be used to resolve concerns that do not rise to the level of a Code of excellent conduct violations. Students are required to abide by all resolutions identified in the restorative session. Failure to comply with the resolution can result in disciplinary action. If it is determined that restorative sessions are not appropriate to resolve the conflict, the Principal or Principal’s designee will identify the appropriate course of action.

- **Loss of School Privileges**

A student may be suspended from participation in any or all extracurricular activities based upon their academic and/or behavioral standing. Students with behavioral infractions will be informed via their suspension letters of the loss of privileges. The student and parent(s) or guardian(s) shall be given an opportunity to meet informally with the Principal, Athletic Director or other faculty member involved or designated by the Principal if a request is made. The Principal, faculty member involved, or principal’s designee shall hold any requested meeting as soon as possible; however, the suspension from participation in extracurricular activities will still be enforced as administered. If a student is suspended from school privileges multiple times, the administration reserves the right to preclude them from participating in extracurricular activities- including sports (based upon the Athletic Handbook) for the remainder of the year or another specified period of time based upon the level and frequency of infractions.

- **Alternative Learning:**

Students assigned to Alternative Learning report to the building’s Alternative Learning Center (ALC). While in Alternative Learning, students are permitted to enter the ALH facility but are prohibited from attending their scheduled class and/or school-sponsored activities, including college tours and class trips. Instead, students report to the ALC to complete their assignments in a smaller, more focused space with a Teaching Assistant. The duration of Alternative Learning is determined by the Principal or principal’s designee.

- **Out of School Suspension**

Students assigned to Out of School Suspension (OSS) may be prohibited from attending school events and/or school-sponsored activities, including college tours and class trips for the duration of the OSS. The duration of an OSS is determined by the Principal or principal's designee. Students placed on OSS are prohibited from returning to school until the student's parent/guardian participate in a meeting with the Principal/ principal's designee unless authorization is provided by the Principal/ principal's designee.

- **Short-term OSS** shall refer to an OSS for a period of ten or fewer days.

NOTIFICATION OF ROCEDURES FOR SHORT-TERM OSS

- The Principal or principal's designee will inform a student placed on an OSS of the reason(s) for the suspension
- The Principal or principal's designee will immediately notify the parent(s) or guardian(s) in writing of a student placed on OSS. Written notice shall be sent to the last known address provided by the family. Where possible, notification also shall be provided by telephone if the school has been provided with a contact telephone number for the parent(s) or guardian(s). Such notice shall provide a description of the incident or incidents that resulted in the suspension and shall offer the opportunity for an informal conference with whoever has imposed the suspension. The notification and informal conference shall be in the dominant language used by the parent(s) or guardian(s).
- In appropriate instances, ALH will ensure that alternative educational services are provided to a student who has been suspended or removed to help that child progress in the school's general curriculum. For a student who has been suspended, alternative instruction will be provided during the period of suspension (2.0 hours of instruction between the hours of 4:00 pm and 6:00 pm, Monday thru Friday); for a student who has been expelled, alternative instruction will be provided until the student enrolls in another school or until the end of the school year, whichever comes first.

- **Expulsion**

Indicates that a student's permanent removal from the ALH community for disciplinary reasons. Students expelled from ALH are not permitted on ALH property and are prohibited from attending or participating in any ALH activity or event. Any student subject to expulsion will participate in an Expulsion Hearing. Refer to Notification of Procedure for Expulsion for more information on the expulsion hearing process.

NOTIFICATION OF PROCEDURE FOR EXPULSION

A student who is determined to have committed any of the Code of excellent conduct violations below, has repeatedly violated the Code of excellent conduct, or engages in behavior that school

officials reasonably conclude could warrant an expulsion shall be subject to an Expulsion Hearing to determine if the offense is egregious enough to warrant expulsion.

Code of Excellent Conduct Violations that may result in expulsion:

- Possessing, using, attempting to use, or transferring any firearm, knife, razor blade, explosives, mace, tear gas, or other dangerous object
- Setting off false alarms or safety showers
- Setting a fire
- Possessing, using, or being under the influence of drugs, or attempting to use or distribute drugs (including look-alike substances) or drug paraphernalia
- Possessing, using, being under the influence of alcohol, or attempting to use or distribute alcohol
- Assault of a student or staff member
- Fighting
- Repeated offenses under short-term suspensions
- Committing any other act which school officials reasonably conclude warrants an expulsion.

Through the discipline process or via Interim Measure, a student may be placed on Out of School Suspension prior to and during the expulsion hearing process.

An Expulsion Hearing will follow the steps described below:

1. The Principal or another representative of the school's administration will notify the parent(s) or guardian(s) immediately of the incident.
2. The student will be removed from school.
3. The Principal or principal's designee will take all possible steps to ensure that the student and her parent(s) or guardian(s) are fully informed of their rights. These steps may include arranging a meeting between a representative of the school's administration, parent(s) or guardian(s), and the student to discuss the rights of the student before the hearing itself. The incident itself will not be discussed in this meeting. The meeting is to clarify the *process* and establish a date for the hearing.
4. A hearing date will be set by the Principal or principal's designee, and the student and her parent(s) or guardian(s) will be notified in writing of the date, time, and place of the hearing at least seven business days prior to the hearing. The student will have the opportunity to present evidence and witnesses at the hearing and have the right to have an attorney present.
 - a. If parents request a hearing, students will continue in their current placement and program until such a hearing takes place, another program or placement is agreed upon by the parties, or a court order permits a change of placement based on a

showing that the student's continued presence in school presents a substantial likelihood of injury to the student or to others.

5. After the hearing, the Principal will determine the appropriate course of action. A written decision will be made within three business days of the formal hearing, and copies will be forwarded to the student, the parent(s) or guardian(s), the school's Board of Trustees, and student's permanent record file.
6. A student who is expelled will have the right to appeal the Principal's decision in writing to the school's Board of Trustees within seven business days of that decision and will have the right to counsel (at families' expense) at that appeal. The ALH Board of Trustees will review the appeal and determine whether or not they will uphold the original decision. A binding decision will be provided orally and in writing shortly thereafter.
7. In cases where a student is receiving special education services, ALH will:
 - a. Provide an alternative plan for the delivery of special education services during the period of suspension.
 - b. Obtain approval for the alternative plan by the New York State Department of Education.
 - c. Present the alternative plan and an explanation of parental rights to the student's parent or guardian prior to the plan's implementation. The failure or refusal of the parent to consent to the provision of services under the alternative plan will not prevent implementation of the expulsion.

NOTIFICATION OF DISCIPLINARY ACTIONS

Disciplinary actions are maintained in accordance with FERPA. The school reserves the right to disclose reported Code of excellent conduct violations and any disciplinary action with a student's parent or guardian. **Disciplinary actions are communicated to a student's parent or guardian.**

Where appropriate, ALH will contact law enforcement. Furthermore, ALH will comply with court order requests or subpoenas of student records.

NOTIFICATION OF SERVICES DURING REMOVAL

In appropriate instances, ALH will ensure that alternative educational services are provided to a student who has been suspended or removed to help that child progress in the school's general curriculum. For a student who has been suspended, alternative instruction will be provided during the period of suspension (2.0 hours of instruction between the hours of 4:00 pm and 6:00 pm, Monday thru Friday); for a student who has been expelled, alternative instruction will be provided until the student enrolls in another school or until the end of the school year, whichever comes first.

PINS (Persons in Need of Supervision) PETITIONS

PINS Petitions are referrals to Probation/Family Court when students under the age of 18 engage in conduct which makes them 'ungovernable, or habitually disobedient and beyond lawful control of the school'... Per New York State Law, we are sanctioned to initiate a Persons In Need of Supervision (PINS) petition in Family Court if a student's behavior falls under this definition; however, the school will take this position only after all school-based and outside (human resources agencies) intervention measures have been exhausted with the student and her family. The Student Support Team will be responsible for determining a student's eligibility for this program. The school social worker will also serve as the representative of contact for the probation department, child welfare, family court and the police department, who are active agents in the PINS process.

FEDERAL GUN-FREE SCHOOLS ACT OF 1994

The Federal Gun-Free Schools Act of 1994, which applies to public schools and thus presumably to this charter school, states that a student who is determined to have brought a weapon to school must be suspended for at least one calendar year. This suspension requirement may be modified by school administrators, however, on a case-by-case basis. Weapon as used in this law means a "firearm," as defined by 18 USC §§8921, and includes firearms and explosives. (New York Education Law §§3214(3)(d) effectuates this federal law.)

In the event a student commits an offense involving a gun or drugs or acts in any way that can be interpreted as criminal, school officials, in the interest of the safety of others and in accordance of the law, will contact local law enforcement and said student's family immediately.

DISCIPLINARY PROCEDURES FOR STUDENTS WITH DISABILITIES

Students with disabilities have the same basic rights and responsibilities as other students, and as more fully explained below, may be disciplined for the same behavioral offenses, albeit with certain limitations that are not applicable to their non-disabled peers. In the event that this policy is inconsistent with federal law, regulations, or guidance, however, such federal law, regulations, or guidance shall govern. Discipline of a student identified as having a disability will be in accordance with the following:

1. Except for as set forth herein, students for whom the Individualized Educational Program ("IEP") includes a Behavior Intervention Plan ("BIP) which sets forth specific disciplinary guidelines will be disciplined in accordance with those guidelines. If the disciplinary guidelines appear not to be effective or if there is concern for the health and safety of the student or others if those guidelines are followed with respect to a specific infraction, the matter will be immediately referred to the local school district's Committee on Special Education ("CSE") for consideration of a change in the BIP and these guidelines.
2. Except for as set forth herein, (when a student is suspended for ten days or more alone or in the aggregate and a manifestation is found between the student's conduct and disability) students for whom the IEP does not include a BIP with these specific disciplinary guidelines may be disciplined in accordance with standard school policy relating to each infraction. The school district's CSE shall be notified immediately of

any suspension or removal from classes, and the school shall work with the CSE to arrange appropriate alternate instruction.

If there is a change in the student's placement in that the student has been or, as a result of this infraction, may be suspended for more than ten (10) school days (alone or in the aggregate) during any one school year, a referral shall be made to the student's resident school district to hold a manifestation determination. If a manifestation is found, no penalty may be imposed, and the school will work with the resident school district to consider what if any changes need to be made to the student's IEP, and conduct a functional behavioral assessment, unless one has already been conducted by the resident school district before the behavior that resulted in the change of placement occurred, and implement a behavioral intervention plan for the child; or if a behavioral intervention plan already has been developed, review the behavioral intervention plan, and modify it, as necessary, to address the behavior; and return the child to the placement from which the child was removed, unless the parent, school and the resident school district agree to a change of placement as part of the modification of the behavioral intervention plan. If a student identified as having a disability is suspended during the course of the school year for a total of eight (8) days, such student will immediately be referred to the resident district's CSE to review the Student's IEP, including, but not limited to reconsider the student's educational placement.

3. The school will notify the resident district's CSE of any disciplinary actions taken in regard to any of its students. The school will notify the resident district CSE whenever a procedural safeguards notice is issued to a resident student's parents or guardians pursuant to 34 CFR §300.504.
4. The school shall work with the resident district to ensure that the resident district's CSE meets within ten (10) school days, or if possible immediately upon notification of any of the following, for the purpose of considering a change in placement or any other changes to the IEP for the student involved:
 - a. The commission of any infraction which is a result of the student's disability.
 - b. The commission of any infraction by a disabled student, regardless of whether the student has previously been suspended during the school year if, had such infraction been committed by a non-disabled student, the principal would seek to impose a suspension or removal in excess of five days.
5. School personnel may remove a student to an interim alternative educational setting for not more than forty-five (45) school days without regard to whether the behavior is determined to be a manifestation of the child's disability, if the child –
 - (1) Carries a weapon to or possesses a weapon at school, on school premises, or to or at a school function under the jurisdiction of the school;
 - (2) Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function under the jurisdiction of the school; or
 - (3) Has inflicted serious bodily injury upon another person while at school, on school premises, or at a school function under the jurisdiction of the school.

On the date on which the decision is made to make a removal that constitutes a change of placement of a child with a disability because of a violation of a code of student conduct, the school must notify the parents of that decision, and provide the parents the procedural safeguards notice.

For the purposes of this section the following definitions apply:

- (1) **Controlled substance** means a drug or other substance identified under schedules I, II, III, IV, or V in section 202(c) of the Controlled Substances Act (21 U.S.C. 812.(c)).
- (2) **Illegal drug** means a controlled substance, but does not include a controlled substance that is legally possessed or used under the supervision of a licensed health-care professional or that is legally possessed or used under any other authority under that Act or under any other provision of Federal law.
- (3) **Serious bodily injury** has the meaning given the term “serious bodily injury” under the regulations of New York’s Commissioner of Education at 8 N.Y.C.R.R. §201.2(m).
- (4) **Weapon** has the meaning given the term “dangerous weapon” under paragraph (2) of the first subsection (g) of section 930 of title 18 United States Code. (Authority: 20 U.S.C. 141(k)(1) and (7).

Protection for Children Not Yet Eligible for Special Education and Related Services

ALH will adhere to the requirements of 34 CFR §300.534. In accordance with such section, students who have not yet been determined to be eligible for special education and related services and who have engaged in behavior that violated the charter school’s discipline code may assert any of the protections provided in Part 300 of Title 34 of the Code of Federal Regulations if the school had knowledge that the student was a student with a disability before the behavior that precipitates the disciplinary action occurred.

The school will be deemed to have knowledge that a child is a child with a disability if before the behavior that precipitated the disciplinary action occurred (1) the parent of the child expressed concern in writing to supervisory or administrative personnel of the appropriate educational agency, or a teacher of the child, that the child is in need of special education and related services; (2) the parent of the child requested an evaluation of the child; or (3) the teacher of the child, or other school personnel expressed specific concerns about a pattern of behavior demonstrated by the child directly to the director of special education of the agency or to other supervisory personnel of the agency.

However, the school will be deemed to have no knowledge if the parent of the child:

- (a) Has not allowed an evaluation of the child: or
- (b) Has refused services under this part: or
- (c) Has been evaluated and determined to not be a child with a disability.

If the school does not have knowledge that a child is a child with a disability prior to taking disciplinary measures against the child, the child may be subjected to the disciplinary measure applied to children without disabilities who engage in comparable behaviors.

If a request is made for an evaluation of a child during the time period in which the child is subjected to disciplinary measures, the evaluation must be conducted in an expedited manner: until the evaluation is completed, the child remains in the educational placement determined by

school authorities, which can include suspension or expulsion without educational services: and if the child is determined to be a child with a disability, taking into consideration information from the evaluation conducted and information provided by the parents, the school will consult with the student's resident school district's CSE to regarding the provision of special education and related services.

Provision of Services During Removal

ALH will adhere to all applicable requirements of 34 CFR §300 to ensure that its students with disabilities have the right to a free appropriate public education. ALH also will abide by the requirements for compulsory education as provided in §2854(1) (a) and §2854(1)(b) of Article 56 of the New York State Education Law. The charter school will provide related services to a child during his or her suspension or removal from school, regardless of the number of days of such suspension or removal, that are necessary to help that student progress in the school's general curriculum and towards the goals set out in the student's IEP.

In these cases, school personnel, in consultation with the child's special education teacher, make the service determination.

As with all students, the Principal shall have final authority to suspend or remove a student with disabilities or suspected of having disabilities for up to five (5) days. The Principal also shall maintain all necessary records regarding the number of days a student with a disability has been suspended or removed for disciplinary reasons.

DUE PROCESS FOR STUDENTS WITH DISABILITIES

If discipline which would constitute a change in placement is contemplated for any student with a disability or suspected of having a disability, then (1) not later than the date on which the decision to take such action is made, the parents of the student with a disability shall be notified of that decision and provided the procedural safeguards notice described in 34 CFR §300.504; and (2) as stated above, immediately, if possible, but in no case later than ten (10) school days after the date on which such decision is made, a manifestation determination shall be made by the resident school district to review the relationship between the child's disability and the behavior subject to the disciplinary action.

If, upon review, it is determined that the child's behavior was not a manifestation of his disability, then the child may be disciplined in the same manner as a child without a disability, except as provided in 34 CFR §300.121(d) (which relates to the provision of services to students with disabilities during periods of removal).

Parents may request an expedited impartial hearing to challenge the manifestation determination. Except as provided below, the child will remain in his or her current educational placement during the pendency of the hearing.

If a parent requests a hearing or an appeal regarding a disciplinary action relating to weapons or drugs to challenge the interim alternative educational setting or the manifestation determination, the child shall remain in the interim alternative educational setting pending the decision of the

hearing officer or until the expiration of the time period provided for in the disciplinary action, whichever occurs first, unless the parent and charter school agree otherwise. However, the child's CSE at his resident school district determines the interim alternative educational setting for services.

MAINTENANCE OF PUBLIC ORDER ON SCHOOL PROPERTY

The following rules shall govern the conduct of students, teachers, staff, licensees, friends and other invitees, parents, guardians, relatives, and other persons, whether or not their presence is authorized, on all property or facilities operated under the auspices of the ALH.

These rules and penalties are not to be considered exclusive or to preclude in any way the prosecution and conviction of any person for the violation of any federal, State or local law, rule, regulation or ordinance, or the imposition of a fine or penalty provided for therein. Additionally, these rules and regulations should not be construed to limit, but rather exist in conjunction with any other codes of conduct established for the school, such as a disciplinary code and/or a bill of student rights and responsibilities.

Prohibited Conduct

No person, either singly or in concert, shall:

1. Willfully cause physical injury to any other person or threaten to use force which would result in such injury.
2. Willfully damage or destroy school property, nor remove or use such property without authorization.
3. Without permission, express or implied, enter any private office or classroom of an administrative officer, teacher, or staff member.
4. Without authorization, remain in any building or facility after it is normally closed, nor without permission enter any building or facility prior to its normal opening.
5. Refuse to leave any building or facility after being required to do so by the principal or an authorized administrative officer or his or her designee.
6. Deliberately disrupt or prevent the peaceful and orderly conduct of classes, lectures, and meetings or deliberately interfere with the freedom of any person to express his or her views, unless such disruption is necessary to maintain order of the educational process.
7. Possess on school property any rifle, shotgun, pistol, revolver, knife, chain, club or other weapon, whether or not the person has a license to possess such weapon, except as expressly authorized by NY Penal Law §265.20. Further, it is the duty of the principal to inform the police of the presence or use of any such weapon or implements used as weapons on school property.
8. Commit acts which threaten the safety and welfare of persons on school property.

9. Violate any federal or State statute or regulation, local ordinance or school policy.
10. Possess, use or distribute alcohol, drugs or drug paraphernalia.
11. Harass or coerce any person.
12. Refuse or fail to comply with a lawful order or direction of a school official in the performance of his or her duty.
13. Distribute or post on school property any written material, pamphlets or posters without the prior approval of the Principal.

Penalties and Enforcement

Penalties for violations of these rules include, but are not limited to:

- The withdrawal of authorization to remain upon school property;
- Ejection;
- Arrest;
- For students, suspension or other disciplinary action; and
- For school employees, dismissal or other disciplinary action.

Staff members are required to report known violations of these rules to the principal and to make reasonable efforts to stop the prohibited conduct. Agents of the school, including the guidance counselors and/or social workers, are held just as accountable. Counseling and family outreach serve as reasonable efforts to intervene when conduct and/or the rationale behind the conduct is questionable. The Principal is responsible for the dispersal and enforcement of these rules.

CORPORAL PUNISHMENT

In accordance with NYSED law, ALH does not engage in corporal punishment.

Notification of Rights under FERPA

The federal Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. These rights are:

(1) The right to inspect and review the student's education records within 45 days of the day the ALH receives a request for access. Parents or eligible students should submit to **Office and Relations Administrator, 19 Hackett Boulevard, Albany, NY 12208**, a written request that identifies the record(s) they wish to inspect. **The Office and Relations Administrator** will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected. ALH will **not** make copies available to parents **for free. A charge of \$0.25 per page will be required if parents desire copies.**

(2) The right to request the amendment of the student's education records that the parent or eligible student believes is inaccurate or misleading. Parents or eligible students may ask ALH to amend a record that they believe is inaccurate or misleading. They should write to **the Principal**, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If ALH decides not to amend the record as requested by the parent or eligible student, ALH will notify the parent or eligible student of the decision and advise them of their right to a formal hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

(3) The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests.

A school official is a person employed by the School as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the School has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or

student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, ALH will disclose education records without consent to officials of another school district in which a student seeks or intends to enroll. [NOTE: FERPA requires a school to make a reasonable attempt to notify the parent or eligible student of the records request unless it states in its annual notification that it intends to forward records on request.]

(4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the School to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Policy & Procedures for Compliance with Freedom of Information Law

Requests for public records must be in writing or electronically, and submitted to the Albany Leadership High's Director of Finance and Operations, who serves as the Records Access Officer. Upon the receipt of a request for school records reasonably described, the request will be responded to in the following manner:

- Within five business days of receipt of a written request, depending on the requested record(s), will make such record(s) available at ALH during normal business hours to the person requesting the record(s), deny the request in writing, or provide a written acknowledgement of receipt of the request and a statement of the approximate date when the request will be granted or denied.

If ALH determines to grant access to the requested record(s), and if circumstances prevent disclosure within twenty (20) days of the acknowledgment of receipt of the request, ALH shall state in writing both the reason for the delay and a date certain, within a reasonable period of time, depending on the circumstances, when the request will be granted in whole or in part. Failure to conform to the provisions detailed above shall constitute a denial of the request for record(s).

If the person requesting record(s) is denied access to record(s), he or she may, within 30 days, appeal such denial to the Secretary of the Board of Trustees: Margaret Moree. Upon timely receipt of such an appeal, ALH will fully explain, in writing, the reasons for further denial or provide access to the record (s) sought. ALH will also immediately forward a copy of the appeal when received, as well as its ultimate determination, to the New York State Committee on Open Government.

In the event an appeal for records is denied, the person requesting the information may bring a proceeding for review of such denial pursuant to Article 78 of the Civil Practice Law and Rules. ALH may deny access to requested records on one or more of the following grounds as set forth in Public Officers Law §87:

Minutes of Meetings

1. The secretary of the Board of Trustees will take minutes at all open sessions. All minutes will contain the date of the meeting, a summary of all motions, proposals, resolutions and any other matter formally voted upon as well as a record of how each board member voted.
2. Minutes from open meetings will be made available to the public within two weeks of the meeting date. Minutes will be available at the school.

Executive Sessions

The charter school Board of Trustees shall conduct all executive sessions as part of an open meeting; they are not considered separate meetings per se. An executive session may be called upon a motion and majority vote by the board of trustees taken in an open meeting. The motion must specifically identify the general area or areas of the subjects to be considered. All board members may participate in executive sessions, and the board may authorize others to attend as well. An executive session shall only be conducted by the board of trustees for one or more of the following matters pursuant to Public Officers Law §105:

1. Matters which will imperil the public safety if disclosed;

7. The preparation, grading or administration of examinations; and
8. The proposed acquisition, sale or lease of real property or the proposed acquisition of securities, or sale or exchange of securities held by such public body, but only when publicity would substantially affect the value.

In no case shall public funds be appropriated during an executive session.

Exemptions

The following matters are exempted from the Open Meetings Law and therefore can be discussed closed to the public, without the need for notice or a motion or vote to convene in executive session:

1. Judicial or quasi-judicial proceedings (for example, suspension hearings and employee grievance hearings); and
2. Any matter made confidential by state or federal law (for example discussions regarding a particular student's records or children with handicapping conditions in violation of the federal Family Educational Rights and Privacy Act);
3. Attorney-client privileged communications.

GUIDELINES OF THE CHARTER SCHOOLS INSTITUTE FOR HANDLING COMPLAINTS RECEIVED PURSUANT TO EDUCATION LAW §2855(4)

I. Introduction

A. Section 2855(4) of the Education Law provides that any individual or group who believes a charter school has violated its charter, the New York Charter Schools Act, or any other law relating to the management or operation of the charter school, can bring a complaint to the charter school's board of trustees (the "school board"). If the individual making the complaint, after presenting the complaint to the school board, is unsatisfied with the school board's response, then he or she has the right to present the complaint to the entity which authorized the charter school (the "Charter Entity"). The Board of Trustees of the State University of New York (the "State University Trustees") is the Charter Entity for the Albany Leadership Charter High School for Girls.

Pursuant to a resolution of the Board of Trustees of the State University of New York (the "State University Trustees"), the Charter Schools Institute has been authorized to handle complaints directed to the State University Trustees in their capacity as a Charter Entity. As such, the Institute will both receive and review complaints on behalf of the State University Trustees, and make determinations and issue appropriate remedial orders.

The Charter Entity, upon being presented with a complaint, has the authority to issue remedial orders when appropriate and necessary. If the complainant, after presenting a complaint to the Charter Entity, feels that the complaint has not been adequately addressed by the Charter Entity, he or she may bring the complaint to the Board of Regents, which also has the authority to issue remedial orders. In a sense, this establishes a two-step appeals process for complaints and grievances.

These guidelines replace guidelines adopted on April 30, 2001 and distributed to charter schools on May 1, 2001. The guidelines have been revised to reflect the Board of Trustees grant of increased authority to the Charter Schools Institute to handle complaints received by the Board of Trustees in their capacity as a charter entity.

The guidance that follows below explains how the Charter Schools Institute will handle and review complaints. It is in the form of answers to frequently asked questions. Please note that the words grievance and complaint are used interchangeably throughout.

II. General Requirements

A. When can a complaint be filed with the Charter Schools Institute?

Please Note: Because, as noted in the Introduction, complaints regarding charter schools authorized by the State University Trustees will be reviewed and acted upon by the Charter Schools Institute, the Institute (and not the State University Trustees), is referred to throughout the Q&A.

By law, the Charter Schools Institute cannot undertake the review of a complaint until the complainant has presented his or her complaint to a school board of a State University authorized school and the complainant has determined that the school

board has not adequately addressed the complaint. In general a group or individual should not file with the Charter Schools Institute until after a school board has acted on the complaint and provided a written response to the complainant. Each charter school, as part of its charter, has agreed to set up a process under which complaints must be reviewed by the school board. You have the right to be provided with a copy of that policy upon request of a charter school.

B. What if I file a grievance and the school board fails to act on my grievance?

If a school board fails to take any action on your grievance in a reasonable time, then you may bring your grievance to the Charter Schools Institute. What is considered reasonable depends on the circumstances. Some grievances may require prompt action by a school board while others may properly be resolved in a longer time frame. Thus, in certain instances where urgent action is required, it may be appropriate for a school board to call an emergency meeting. In general, however, it is appropriate for a school board to take action on your grievance at its regularly scheduled meeting. As most school boards meet monthly, you should not necessarily expect a school board to act immediately. However, you can and should expect that, at a minimum, a school board should take action on your grievance within the time frame set out in the school's grievance policy.

In most cases where the school board has not acted, you should wait at least until the period provided for by the school's grievance policy has passed before filing your grievance with the Charter Schools Institute. As explained more fully below, the Charter Schools Institute, in reviewing and investigating your complaint, will give the school board an opportunity to respond to your grievance. Accordingly, filing a grievance with the Charter Schools Institute, before you have given the school board a reasonable time in which to act on your complaint, may simply delay the Charter Schools Institute from undertaking its own independent review and investigation.

What does my grievance have to contain?

The law does not require that your grievance be in a particular format. However, in order to ensure that your grievance is thoroughly and quickly reviewed, you should provide the following:

1. A detailed statement of the nature of the complaint (including the law or provision of the charter that you allege has been violated), the names of the individuals involved, and the time, date and place the incident(s) at issue occurred;
2. What response, if any, you have received from the school board (a copy of any response should be attached) with any relevant dates;
3. Copies of any correspondence between you and the school or school board;
4. What action or relief you are seeking; and
5. Your name, address and telephone number.

Please note that while the law does not require you to submit your complaint in any particular format, it must include at least one allegation that the school or school board has violated a term of its charter or provision of applicable law. Where there is no such allegation (and a fair reading of the complaint does not involve any violation), the Institute will not review or investigate but limit its response to a statement that no valid complaint has been presented to it. In this regard, please remember that the Charter Schools Institute does not have the power to review complaints (and issue remedial orders) for any and all complaints that you might have about a charter school. Its review powers are limited quite specifically to those complaints alleging a violation of the charter or a provision of law.

To assist you in fashioning your grievance, the Charter Schools Institute has created a **Grievance Form** on its website, which you can use when submitting grievances to it. As stated above, use of this form is not mandatory and it is provided as a convenience to you.

C. Where and to whom do I submit my grievance?

Your grievance should be address to the Charter Schools Institute's Grievance Desk, 41 State Street, Suite 700, Albany, New York 12207. As noted above, the Charter Schools Institute will conduct the investigation of your grievance and issue any remedial orders on behalf of the State University Trustees. As also noted, grievances submitted to the Charter Schools Institute must concern a charter school authorized by the State University Trustees. Complaints involving charter schools authorized by other entities, such as the Board of Regents and local school districts, must be filed with those entities.

D. After the school board responds to my grievance, is there a time period in which I need to file my "appeal" to the Charter Schools Institute for it to be valid?

The law does not provide a time limit in which you are required to file your grievance with the Charter Schools Institute. However, you should be aware that the Charter Schools Institute, in reviewing your grievance, may take into account any unusually lengthy delays in filing your grievance. Such delays, in appropriate cases, may affect the Institute's determination, including the terms and scope of any remedial order it issues. In general, the Charter Schools Institute would not consider any grievance to be delayed that was filed with it within sixty days of the school board's response or the end of the time period in which the school board, under its grievance policy, has to act (but in which time no action by the school board has been taken).

III. Grievance Review and Action

A. How does the Charter Schools Institute process and investigate grievances that it receives?

Upon receipt of a grievance, Charter Schools Institute staff will review the grievance and all supporting materials delivered with the grievance. Staff will then contact the person making the grievance to confirm its receipt and, if necessary, request that additional information be supplied. The Charter Schools Institute will also contact the school board and, in most cases, give the school board thirty (30) days to respond. The Institute will forward to the school board a copy of the grievance along with

supporting materials. As noted above, if the Charter Schools Institute receives a grievance from an individual who has not given the school board a reasonable time in which to act, the Charter Schools Institute may defer its investigation until that reasonable period has passed. In such cases, and where the school board takes the opportunity to then act on the complaint, the Charter Schools Institute will consider the school board's action in fashioning its determination, including the scope and terms of any remedial order it issues.

In addition to the above steps, Charter Schools Institute staff will conduct whatever independent factual investigation the Institute deems necessary and appropriate. Such investigation may include, but is not limited to, requesting additional information from the grievant, the school board or other persons, conducting interviews, inspecting relevant documents, or visiting the school.

Upon completion of its investigation, the Charter Schools Institute will reach a determination as to appropriate remedial orders, if any. The Institute will provide a copy of the determination, which will include the terms of any remedial order to the person making the grievance, the school board and the Charter Schools Unit of the New York State Education Department.

B. In presenting my grievance, may I be represented by a lawyer?

You have the right, though you are not required, to retain an attorney to represent or otherwise assist you in presenting your grievance to the Charter Schools Institute and in any other phase of the review process.

C. Instead of having the Charter Schools Institute formally act on my complaint, i.e., issue a written determination, can I ask the Charter Schools Institute to assist me in resolving the matter with the school and school board?

The Charter Schools Institute appreciates that oftentimes, your complaint can be resolved without the Institute having to take formal action on it. The Charter Schools Institute stands ready to work with you to try to resolve your complaint in this way. Indeed, in many instances, the Institute may suggest that the dispute between the school and you be mediated. However, if you do not wish to try to resolve your complaint informally, you are not required to do so.

D. What kinds of remedial orders can the Charter Schools Institute issue?

The Charter Schools Act does not define, and generally does not limit, the remedial powers of a charter entity in regard to complaints. Accordingly, the Charter Schools Institute, acting for the State University Trustees, has wide discretion to determine the remedial order appropriate to a particular situation. There is, however, one clear limitation on the kind of remedial order the Charter Schools Institute can issue. The Institute may not place a charter school on probation or terminate a school's charter except under the specific grounds and pursuant to the procedures set forth at §2855 of the Education Law (The Charter Schools Act). Moreover, even if such grounds exist, remedial orders which involve placing a school on probation or terminating a school's charter, would require approval by the State University Trustees.

IV. After the Charter Schools Institute Has Acted

A. What if I am not satisfied with the Charter Schools Institute's response to my complaint?

If you are not satisfied with the Charter Schools Institute's response to your claim, you have the right to "appeal" to the Board of Regents. Complaints made to the Board of Regents may be filed with the Charter Schools Unit, 465 Education Building Annex, Albany, New York 12234. The State Education Department has its own guidelines and procedures for reviewing grievances. Accordingly, you should consult with State Education Department staff in the Charter Schools Unit before filing your grievance.

As a preliminary step to bringing your complaint to the Board of Regents, you may also, but are not required to, request that the Charter Schools Institute review its determination. You may find this step appropriate if you believe that the Institute has overlooked evidence before it, or if you have additional evidence that was not available to you at the time your complaint was under review. The Institute will review any additional evidence that you have and inform all parties in writing of the results of its review, including any modifications it determines to make to its original determination. Please note that requesting a review is optional and not a prerequisite to a further "appeal." As noted above, you may at any time after an initial determination by the Charter Schools Institute bring your complaint directly to the Board of Regents without having first requested a review of its determination.

B. If the Charter Schools Institute issues a remedial order but the school does not comply with that order, am I required to bring a complaint to the school board or can I immediately complain to the Charter Schools Institute?

If the Charter Schools Institute has issued a remedial order which in your view the school is not following, you need not file an additional complaint with the school board but may directly apprise the Charter Schools Institute of your concern. However, if your complaint involves new facts or circumstances which were not part of your previous complaint, you must, by law, first make your complaint to the school board. As always you may contact the Charter Schools Institute for assistance in determining whether your complaint is related to non-compliance with a remedial order or to a new grievance.
