

ALBANY LEADERSHIP

CHARTER SCHOOL FOR GIRLS

A 6-12 Academy of Excellence

Dear ALCS High School Parents,

On behalf of the teachers and staff, welcome to the 2022-2023 school year at Albany Leadership Charter High School for girls! We are excited to begin another new school year. The last few years have been challenging, but we have persevered. The health and safety of our students, teachers, and staff continues to be our number one priority, and we will continue to work with local, state, and federal agencies to ensure we are doing everything we can to keep everyone safe.

As we head into this year, we will continue to prepare your daughters for college and the career of their choice by expanding learning through our standards-based curricula, AVID, CTE classes, and internship opportunities. We will also add Music to our enrichment program as our commitment to developing a well-rounded student continues to be our focus.

To ensure that we can live up to our mission *"to prepare young women to graduate from high school with the academic and leadership skills necessary to succeed in college and the career of their choosing,"* an authentic partnership and shared responsibility with you is necessary. We are looking forward to building, rebuilding, and strengthening our relationship with you to help our girls achieve at the highest level. As partners, we need your support in ensuring the following expectations of a college-preparatory high school and college-going student are met:

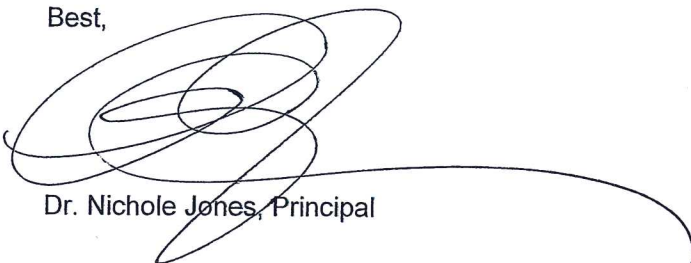

- Attends school each day and arrives by 7:30 am
- Arrives in full uniform
- Turns in cell phone each morning to an Administrator [phones will be labeled, stored in a secure location, and returned at the end of the day]
- Comes prepared to take advantage of every learning opportunity available

You will receive a full student and parent handbook which outlines all of the academic and behavior expectations for the upcoming school year.

As a new leadership team to the ALCS community, Dr. Fernandez, Assistant Principal, and I are looking forward to the opportunity to serve the students and families in this community. With over 50 years of combined experience as educators, our commitment to providing equitable opportunity and access for all students is unwavering.

We also look forward to meeting and working with you throughout the school year.

Best,

Dr. Nichole Jones, Principal
